## National President Message

Dear Alpha Mu Gamma Members,

These last six months have been very exciting for Alpha Mu Gamma. Our Organization has experienced several major changes including the relocation of its Headquarters, the hiring of a new Administrative Assistant and the unveiling of a new website. We believe all of these changes will bring more visibility to our Society. We are still in the adjustment phase, so please be patient with us but don't hesitate to let us know of your needs.

The National Office is now relocated at Fairfield University, home of the Eta Pi chapter. I would like to express my gratitude to Professor Eileen Wilkinson, former Alpha Mu Gamma President and faculty Advisor of Eta Pi and her colleagues for generously opening their University to our Society. Eileen is altruistically serving AMG by supervising the daily functions of the Office and the job of our new Administrative Assistant, Ms. Leslie Brazier. Thank you Eileen for your hard work and your commitment to our Society!

Leslie also has been working really hard in these last couple of months filing orders, updating records and making sure the posters for National Foreign Language week are distributed. If you need to contact Leslie, please email her at: [AMGNational@fairfield.edu](mailto:AMGNational@fairfield.edu)

Alpha Mu Gamma National also has a new website, so if you haven't done so yet, please take the time to familiarize yourself with the website as it contains important and interesting information: [www.amgnational.org](http://www.amgnational.org)

I would like to make a special appeal to all of you to encourage your students to apply to the Scholarships AMG offers. Included in the newsletter you will find the forms, however forms may also be downloaded from our website as Word documents. The scholarships offer a great opportunity for our members to get the recognition they deserve for their language study. Please, take some time to share this information with your students.

Additionally, we have a number of positions for Regional Vice President vacant. Please, refer to the website to see what those are. If you are interested in filling one of the positions, contact us through the website or send an email to Leslie at AMG Headquarters. The Regional Vice Presidents play an integral part spreading the word about our organization and recruiting new members. We would be grateful if you consider serving in this capacity.

Best wishes to all for a fruitful semester. Continue your search with eyes aloft,

Sincerely,

Beatriz Gómez Acuña, Ph.D  
AMG National President, Theta Upsilon Chapter

## From the desk of the National Executive Secretary and the Advisor of Nu Iota Chapter

I hope your school year started off great. Now, as we approach the end of the fall semester, our lives are getting pretty busy with final exam preparations, writing papers, grading and submitting final grades. But despite all of this busy work, Alpha Mu Gamma continues to prosper.

We have a new location for the National Headquarters at Fairfield University, a new administrative assistant, Leslie Brazier and a new website created by Ariadne Abrusci, a French major at Elmhurst College (Theta Upsilon Chapter). All of this was made possible through the cooperation of many AMG members.

Personally, I like to set goals for myself at the beginning of an academic year. One such goal as faculty advisor for Nu Iota Chapter, is to be more intentional about recruiting talented students into the organization. Those of us who attended the National convention here at USC Upstate were impressed by the zeal of the students who presented papers. Kudos to them and to their advisors!

As you plan for the spring semester, let me encourage you to continue advancing international competence through world languages and cultures by advocating world language study in this country and abroad.

Have a great semester!

June C. D. Carter  
National Secretary  
University of South Carolina Upstate

## Comments from the Administrative Assistant

Greetings from the National Headquarters!

As most of you already know, the National Headquarters relocated to Fairfield University in Fairfield, Connecticut over the summer. After having been located in LACC for 85 years, there was a lot of material that needed to be shipped and then sorted at the new location. The headquarters is up and running, but the filing, sorting and digitalization will continue for the foreseeable future.

**Please make note of the following information:**

[amgnational.org](http://amgnational.org)

[AMGNational@fairfield.edu](mailto:AMGNational@fairfield.edu)

I am in the process of updating our data base and converting hard copies of files to digital files. Although I have contacted all chapter advisors to verify contact information, several emails have bounced back, which may mean that some advisors have passed the advisor position to a new faculty member, but have not notified the National Headquarters. If you haven't already done so, please verify your mailing address. In order to help me keep records current, please also send me the names of new advisors if you should vacate your position.

## Placing Orders

The procedure for placing orders for certificates, pins, honor cords, etc. has changed! Instructions are on the order forms, but here is a summary:

- Order forms are available on the website (Click on the 'store' tab): [amgnational.org](http://amgnational.org)
- All orders and lists of new members must be typed
- Orders should be EMAILED to me at the headquarter: [AMGNational@fairfield.edu](mailto:AMGNational@fairfield.edu)

## **36<sup>th</sup> National Convention**

The National Office is putting out a call for chapters to consider hosting the 36th National Convention. Last spring the 35th Convention was hosted by the Nu Iota Chapter at the University of South Carolina Upstate in Spartanburg, SC. It was a huge success!

Ideally, the next convention would take place in either the fall of 2017 or the spring of 2018, but the hosting institution will have some leeway in choosing the dates for the event.

If your chapter is interested in possibly hosting the next convention, please contact the National Headquarters. You will receive further information, as well as answers to any of your questions from advisors who have hosted the event in the past.

We hope to have several proposals on the table for hosting this event. A National Convention puts your university, as well as your chapter, in the spotlight and will help give recognition to the language program at an institution. It is also a perfect opportunity to meet and to get to know other advisors and AMG student members ... to exchange ideas ... to learn from other's experiences ... to be a member of the family!

Please contact us soon if you are interested in this opportunity!

## A New Addition to Our Family

The National Office extends its warmest welcome to our latest chapter: **Xi Phi**, at **Washington Adventist University** in Takoma Park, Maryland. which was granted its charter on November 10, 2016. It brings the total of AMG chapters to 358.

Washington Adventist University has 1,300 students and offers a choice of two languages French and Spanish. The application for its charter was submitted by Violeta Donovan, Associate Professor of Language.

## Chapter Reports

**Theta Upsilon** chapter at Elmhurst College in Elmhurst, Illinois hosted several activities this fall. In September the chapter hosted an informal Welcome Back Party for all World Language Students. Students played games in different languages, including Scattergories and Karaoke. In October the chapter sponsored a lecture/presentation by Mary Sytsma and Dr. Beatrice Kadangs about the AIDS epidemic in Nigeria. The chapter is sponsoring and leading a campus-wide food drive to benefit the Gweimen Center in November and December. This center is located in Carol Stream (IL) and has as their main goal “to empower widows and orphans of the HIV/AIDS epidemic through holistic and sustainable development.” The chapter faculty advisor is **Dr. Beatriz Gómez Acuña, Ph.D**

**Eta Pi** chapter at Fairfield University admitted 67 new members this fall. The new members will be formally inducted into Alpha Mu Gamma in a ceremony in March. This semester, we consolidated our usual monthly International Meet and Greets into a larger event that took place in October. The *Fall Social* Event was open to AMG members and the rest of the student body, including international students. Students were given canvas bags onto which they painted fall or Halloween designs. This was an opportunity for International students to mingle with Americans to learn about Halloween and Thanksgiving! Dr. Zoe Erotopoulos, a co-advisor of the chapter, helped organize a campus visit of 20 students and 2 of their professors from Nîmes, France. The French students met with our own students as well as the International students on campus for a social event, which included a Question and Answer session. There was a very interesting and animated exchange of information among the students. The chapter faculty advisors are **Dr. Zoe Erotopoulos** and **Dr. Eileen M. Wilkinson**.

**Nu Iota** chapter at University of South Carolina-Upstate, Spartanburg, SC, has had a great start this semester, beginning with our participation in Premiere Fair, where student organizations, campus services and community businesses and organizations are highlighted through individual booths that supply students and faculty with information about their organization. We were able to speak with many students who were unaware of our organization and the fact that high achievers in world languages can become members of this collegiate honor society during their first year of foreign language study in college.

Our chapter is also congratulating three members of Nu Iota for their accomplishments. Veronica Bell, President, received a scholarship to support her studies in Alicante, Spain fall semester. Rachel Baylor, Secretary, was the first player in USC Upstate history to be selected the ASUN Scholar-Athlete of the Year and the first to make the All-Academic Team for more than one season. The All-Academic Team recognizes student-athletes who excel both on the field and in the classroom. Theodore Kountourogiannis, a senior English major from Niagara Falls, Ontario, was named to the ASUN Men’s Cross Country All-American Team.

Nu Iota sends its greetings to all of the AMG family! The chapter faculty advisor is **Dr. June Carter**.
